From Your Police Chief

March 2015

Dear residents, businesses and visitors of Carnation,

I am pleased to present the 2014 Police Service Highlights and Data Report for the City of Carnation. This report provides you with an overview of Carnation's crime in 2014, as well as additional information about Carnation's police services, provided in partnership with the King County Sheriff's Office.

The King County Sheriff's Office is extremely proud to serve Carnation's residents and businesses. Since our partnership began January 1, 2014, the officers serving Carnation have been busy. Your dedicated officer Deputy Scott Allen, along with other shared patrol deputies and patrol support units, have been focusing on traffic enforcement, business checks (including at night time), and community engagement.

As a resident, you play a significant role in helping us address crime in Carnation. You truly are our eyes and ears in our neighborhoods. We encourage you to be vigilant and aware of your surroundings. As always, report any suspicious activity to the police.

One of the goals for this report is to illustrate how crime and other statistics change from year to year. Therefore, this report is typically presented with five-year comparison graphs for all information shown here. Because our partnership is just over one year old, we are only showing one year's worth of data here. As the years grow in our partnership, however, so will the years for crime statistics comparisons. You can read more about this and other report information on page 5.

Thank you for taking time to look at this information. The police officers and administrative staff serving Carnation are dedicated to working with you to provide a safe and enjoyable place for you to live, work, or visit.

Sincerely,

Major Ron Griffin
Chief of Police for Carnation
King County Sheriff's Office Precinct 2 Commander

About the Annual Police Service Highlights & Data Report

The Annual Police Service Highlights contains information on the service efforts and accomplishments of the Carnation Police Department to support its mission, goals, and objectives. The goal of the report is to keep the City of Carnation residents, staff, administrators, and elected officials informed of police service and crime activity in the city. The report is produced by the City of Carnation Police Department in partnership with the King County Sheriff's Office (KCSO) Research, Planning and Informational Services and Contracts Units. Questions about the report can be directed to the Carnation chief of police.

The Police Service Highlights section gives a narrative of police efforts and year-to-year comparisons of selected crime and police service data. Most of the data in this section is taken from the Police Services Data section unless otherwise indicated as being from a difference source.

The Police Service Data section provides further detailed crime and police service data. Please note that numbers in this section may differ slightly from numbers in the Police Services Highlights due to rounding differences.

Carnation Police Service Highlights & Data Reports for 2014-2017

Carnation began its police service partnership with the King County Sheriff's Office January 1, 2014. Collection of crime information and statistics used for these reports also began at that time. Therefore, reports for 2014-2017 will show less than the normal five-year comparison graphs. Specifically, the report for 2014 will show only one year, the 2015 report will show two years' comparison, and so on. The report for 2018 will be the first year with a five-year comparison. From then on, all reports will show a five-year comparison.

Carnation Police Department Mission, Goals, & Core Values

City Cost Comparison

The annual police cost comparison study is conducted by the KCSO Contracts Unit. The study accounts for budget differences and may factor in (or out) certain line items in order to allow for “apples-to-apples” comparisons. Carnation’s cost per capita here is different than the contract cost per capita, which only includes Carnation’s law enforcement contract paid to the county.

Carnation's Crime Rate

The Crime Rate is a calculation of the number of Part I Crimes divided by population in thousands. Part I Crimes is a category of crimes established by the Federal Bureau of Investigation (FBI). It includes criminal homicide (which includes murder and non-negligent manslaughter, but excludes deaths by negligence, attempts to kill, suicides, accidental deaths, justifiable homicide, and traffic fatalities), forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson.

Part I Violent Crimes against People

Part I Crimes include crimes categorized as “violent crimes” or “crimes against people.” The following are Carnation’s Part I Violent Crimes.

Homicide

Homicide

The willful killing of one human being by another. Includes murder and non-negligent manslaughter, justifiable homicide, and manslaughter by negligence.

Source for all below: Police Services Data

Rape

Rape

Rapes by force and attempts or assaults to rape, regardless of the age of the victim, are included in this count. Statutory offenses (no force used—victim under age of consent) are excluded.

Aggravated Assault

Aggravated Assault

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Robbery

Robbery

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person by force, threat of force, violence, or by putting the victim in fear.

Part I Non-Violent Crimes against Property

The second group of Part I Crimes is known as “non-violent crimes,” “crimes against property,” or “property crimes.” The following are Carnation’s Part I Crimes against Property. Information about vehicle theft, also included in this category, can be found with traffic and automobile incident information.

Arson

Arson is any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another.

Source for all below: Police Services Data

Burglary (breaking or entering)

Burglary is the unlawful entry of a commercial or residential structure with the intent to commit a crime. Attempted forcible entry is included.

Larceny (except vehicles)

Larceny is the unlawful taking, carrying, leading, or riding away of property of any value amount from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pocket-picking, or the stealing of any property or article that is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, forgery, check fraud, and like crimes are excluded.

Traffic and Automobile Incident Information

Vehicle theft

Vehicle theft is included in Part I Crimes against Property. It is the theft or attempted theft of a motor vehicle, which is defined as being self-propelled and running on a land surface and not on rails.

Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Thefts and Attempted Thefts ("Prowls") from Automobiles

A theft or attempted theft ("prowl") from an automobile is the act or attempted act of taking something from the inside of an automobile.

Citizen Traffic Complaints

Citizen traffic complaints include all reports residents make regarding chronic traffic violations and requests for traffic enforcement. Complaints are assigned out to specific traffic enforcement units as well as patrol and are worked on a regular basis. Some complaints are resolved relatively quickly, while others become the site of on-going traffic enforcement projects.

Part I & II Cases Closed by Arrest

The cases below represent incidents where an officer or detective has recommended that the King County Prosecutor’s Office file criminal charges against the case suspect. These criminal charges may result in an arrest or another form of punitive action, such as a citation. A prosecuting attorney is solely responsible for the decision to formally file charges and prosecute defendants.

Adult and Juvenile Charges and Arrests

One or more charges can result from a single arrest. Charges also can be filed when probable cause exists against a person who may not have been arrested. The following are the total number of felony and misdemeanor charges and arrests by adult and juvenile status.

Calls for Police Assistance

The public receives police assistance in a variety of ways. Residents can call the Emergency 911 Communications Center to have one or more officers dispatched to the field, called a “dispatched call for service.”

In addition to dispatched calls for service, 911 center operators can take certain types of reports over the phone through alternative call handling (ACH). This allows police officers more time to respond to those who need an officer present at the location of their incident.

Following are the numbers of dispatched calls for service (DCFS) and alternative call handling (ACH) incidents reported.

Source: Police Services Data and CAD

Dispatched Calls For Service (DCFS): The number of DCFS shown here includes calls that are verified to take place inside the city limits and that are charged to the city as part of its police contract. Total DCFS counts, as shown in the Police Service Data section, may be slightly higher (usually less than 5 percent higher).

Response Times to High Priority Calls

When calls for police assistance are received by the Emergency 911 Communications Center, they are entered into the Computer Aided Dispatch (CAD) system and given a "priority" based on the criteria described below. If the call receiver is in doubt as to the appropriate priority, the call is assigned the higher of the two priority designators in question.

"Priority X" designates critical dispatches. These are incidents that pose an obvious danger to the life of an officer or citizen. It is used for felony crimes in-progress where the possibility of confrontation between a victim and suspect exists. Examples include shootings, stabbings, robberies or burglaries.

"Priority 1" designates immediate dispatches. These are calls that require immediate police action. Examples include silent alarms, injury traffic accidents, in-progress crimes or crimes so recent that the suspect may still be in the immediate area.

"Priority 2" designates prompt dispatches. These are calls that could escalate to a more serious degree if not policed quickly. Examples include verbal disturbances and blocking traffic accidents.

Following are the City of Carnation's Police response times for the above priority calls. Response times include all time from the receipt of a phone call to the moment an officer arrives at the location of the incident.

Source: Police Services Data

Computer Aided Dispatch (CAD): A computerized communication system used by emergency response agencies for dispatching and tracking calls for emergency assistance.

Commissioned Officers per 1,000 Residents

Commissioned officers per 1,000 residents shows how many commissioned police officers are employed by Carnation for every 1,000 residents. This number includes commissioned officers who work in supervisory or other non-patrol related positions as well as special services officers who work part-time for the city. It does not include professional (i.e. non-commissioned) support staff.

Source: KCSO Contracts Unit

Dispatched Calls for Service (DCFS) per Patrol Officer

Dispatched calls for service (DCFS) per patrol officer is the average number of dispatched calls one patrol officer responds to within a year. This number uses only dispatched calls Carnation pays for and does not include the number of responses an officer initiates (such as witnessing) and responding to traffic violations, called "on views". Also, the numbers below are *patrol only* and exclude non-patrol commissioned officers (such as supervisors or special duty officers/detectives).

Costs of Police Services per Capita

The City of Carnation contracts with the King County Sheriff's Office (KCSO) for police services. Among other benefits, contracting for services from a larger law enforcement agency allows for cost savings through "economies of scale." Specific economies of scale provided through the contract with KCSO include:

- Mutual aid agreements with other law enforcement agencies in Washington State
- A large pool of officers if back-up help is necessary
- Coverage if city officers are away
- Expertise of specialized units to assist officers
- More experienced officers to select from for city staffing
- Cost sharing throughout the department to keep city costs down

Costs for police services vary depending on a city's resources and the level and type of police services the community wants. The City of Carnation may have additional funds or expenditures for special projects or programs as part of the city's law enforcement budget. These additional costs are not reflected in the contract cost per capita, which shows the contract cost for police services divided by Carnation's population.

Cost per \$1,000 of assessed real property value shows Carnation's contract cost in relationship to the property values of Carnation.
