

**RESOLUTION NO. 401**

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARNATION, WASHINGTON, ESTABLISHING FEES, FINES, PENALTIES, INTEREST AND CHARGES.

WHEREAS, the City Council of the City of Carnation has determined that it is in the best interests of the City of Carnation to provide a single, efficient, and convenient listing of all fees, fines, penalties, interest, and charges for permits, licenses, services, applications and filing fees; and

WHEREAS, such a listing will better facilitate the updating and uniform review of all such fees, fines, penalties, interest and charges on a periodic basis;

WHEREAS, the City Council last adopted a single listing of fees, fines, penalties, interest and charges by Resolution 391 on November 18, 2014; and

WHEREAS, previous Resolutions providing for fees that require review from time to time, are hereafter superseded;

<sup>4</sup>Actual costs include administrative and overhead costs.

**BUILDING VALUATION DATA FOR SQUARE FOOT CONSTRUCTION COSTS**

The International Code Council (ICC) offers a Building Valuation Data (BVD) Table which represents average valuations for most buildings. The unit costs are intended to comply with the definition of “valuation” in Section 108 of the International Building Code and thus include architectural, structural, electrical, plumbing, and mechanical work, except as specifically listed. Staff shall apply changes to the Building Valuation Data Table as published. The BVD Table is updated annually in February and is available for reference at the ICC website at [www.iccsafe.org](http://www.iccsafe.org).

*\*Service Connection Installation fees are for a short-side service where the main and service are located on the same side of the street. Long-side service connection installations will be billed the costs for additional materials and labor that exceed the amount of the short-side service connection installation fee.*

**UTILITY BILLING POLICY:**

The policies set forth below are nonbinding and are adopted for the sole administrative convenience of the City of Carnation. Nothing herein shall be construed as creating any enforceable right or cause of action in or for the benefit of any other party. To the extent that any of the policies set forth below conflict with any provision of state law or City ordinance, the state law or ordinance provision shall control.

Payment Arrangements: Payment arrangements must be made in writing on the City-provided form prior to water service disconnection. Payment arrangements will not be made with residential tenants without property owner approval.

Tenant Billing: The City will bill a tenant only after the property owner has submitted the City-provided form authorizing the billing of the tenant. Changes to the tenant being billed will only be accepted by written notification. The City will not accept any changes over the phone for changing tenants. The property owner will still receive the primary copy of the utility bill, and a monthly fee will be charged for the duplicate copy sent to the tenant.

Late Fee Minimum Account Balance: There will be no late fee assessed on delinquent accounts with a balance of \$5.00 or less.

Shutoff Fee Minimum Account Balance: There will be no shut off for delinquent accounts with a balance of \$25.01 or less.

Property Liens: When a customer utility bill account balance has exceeded 60 days without payment, the owner will be mailed a letter of intent to lien for non-payment. To the fullest extent authorized by City code and/or state law, the customer will be responsible for all late charges, fees and enforcement expenses incurred by the City.

Foreclosures: In order for a property to be considered to be in the foreclosure process, the City must receive some written documentation (or copy) from the mortgage holder that the property is in the process of being foreclosed. Once a property is deemed to be in foreclosure status, the City will not send this property to collections, but the City will lien the property.

**WATER RATE STRUCTURE POLICY:**

The following principles will be used to govern water rates for the City of Carnation water utility:

1. The City will enact water rates that provide adequate revenues to fund operations, debt, and future capital investment at levels that will maintain a fiscally sound water utility.
2. The City will enact water rates that equitably spread the cost of the water utility, as derived from a cost of service study, across classifications of water customers. Each customer class will be expected to pay water rates that cover the percentage of water system costs that can be attributed to that customer class.
3. The City will enact a rate structure that encourages water conservation.
4. The City is committed to the low-income rate discount as specified in the municipal code.
5. In recognition of the role restaurants play as economic generators that contribute to a vibrant downtown, the City may establish a temporary special commercial water rate class for restaurants, for a period of time as determined by resolution of the City Council. Restaurants shall be as defined by the North American Industrial Classification System (NAICS) 722110 Full Service Restaurants as "...establishments primarily engaged in providing food services to patrons who order and are served while seated (i.e., waiter/waitress service) and pay after eating."
